## ABOUT

I am committed to lifelong learning and strive to improve myself every day. In 2022, I decided to pursue a career in data. After one and a half years of studying programming languages, So I began my post-graduation studies in Data Science with a focus on Data Analysis.

I have experience as a school teacher, entrepreneur, and freelance translator, primarily translating texts from English. I am seeking an opportunity at a company where I can deliver results while taking my career to the next level.
